

Peter Iversen: CV
MD, PhD student

Education

January 2006 – present: PhD-student at the PET Centre, Aarhus University Hospital and University of Aarhus: " Ammoniaks påvirkning af hjernens perifere benzodiazepin-receptorer og energistofskifte" (English title: Effect of ammonia on brain peripheral benzodiazepine receptors and energy metabolism).

January 2005: MD, Aarhus University

Employment

October 2008 – present: Internship at department M of Internal Medicine, Glostrup Hospital, Copenhagen University Hospital.

April 2008 – September 2008: Internship at department A of Orthopedics, Glostrup Hospital, Copenhagen University Hospital.

March 2006 – March 2007: Clinical assistant at the PET Centre, Aarhus University Hospital and University of Aarhus.

February 2005 – February 2006: Research assistant at the PET Centre, Aarhus University Hospital and University of Aarhus.

Participation in scientific meetings

August 2008: Gordon Research Conference on BRAIN ENERGY METABOLISM and BLOOD FLOW, Andover, NH, USA

April 2008: 13th ISHEN Abano, Padua, Italy

October 2007: European Association of Nuclear Medicine (EANM), Annual Congress, Copenhagen, Denmark

May 2007: Brain'07 and BrainPET'07, Osaka, Japan.

May 2007: Danish Association for the Study of the Liver (DASL). Spring-meeting on Cholestatic Liver Disease, Aarhus, Denmark.

August 2006: Gordon Research Conference on Brain Energy Metabolism & Blood Flow, Oxford, UK.

June 2006: 4th International Hannover Conference on Hepatic Encephalopathy, Dresden, Germany.

April 2006: Danish Association for the Study of the Liver (DASL). Spring-meeting on Treatment of Liver Tumours, Aarhus, Denmark.

January 2006: Brain Storm, Aarhus University Hospital, Aarhus, Denmark.

November 2005: The Liver Meeting, 56th Annual Meeting of the American Association for the Study of Liver Diseases, San Francisco, USA.

June 2005: 12th International Symposium on Hepatic Encephalopathy and Nitrogen metabolism, Schloss Burg, Germany. Talk and poster: "Brain PET of peripheral benzodiazepine receptors in cirrhosis patients with acute HE"

May 2005: DASL Spring-meeting on Functional Imaging of the Liver, Aarhus, Denmark.

September 2002: Danish Society for Gastroenterology and DASL, Copenhagen, Denmark. Poster: "Hjerne-PET af perifere benzodiazepin-receptorer hos patienter med levercirrose med en akut episode af hepatisk encefalopati (English title: Peripheral benzodiazepin receptors in the brain in patients with liver cirrhosis and hepatic encephalopathy).

Journal Club

"Liver hemodynamics and metabolism," Department of Medicine V (Hepatology) and PET Centre, Aarhus University Hospital.

"Brain energy metabolism," PET Centre, Aarhus University Hospital.

Relevant courses

January 2008: Biomedical isotope course, Dep. Nuclear Medicine, Aarhus University Hospital, Aarhus, Denmark

February 2007: Magnetic resonance, MR Centre, Aarhus University Hospital, Aarhus, Denmark

July 2006: PET pharmacokinetics course, Neurobiology Research Unit (NRU), Copenhagen, Denmark

May 2006: Basic and advanced CT technique and anatomy, Danish Society of Clinical Physiology and Nuclear Medicine, Herning County Hospital, Denmark.

January and September 2006: Laboratory animal science. Basic and advanced course, Aarhus University, Aarhus, Denmark

November 2005: Postgraduate course, The Liver Meeting, 56th Annual Meeting of the American Association for the Study of Liver Diseases, San Francisco, California, USA.

Teaching

October 2008: Ortopedic Department A, Glostrup Hospital, Copenhagen University Hospital. Talk: The painful arthroplasty. Evaluation using methods in nuclear medicine.

May 2008: Ortopedic Department A, Glostrup Hospital, Region Hovedstaden, Copenhagen University Hospital. Talk: Research methodology and PET.

April 2007: Danish National Research Foundation's Center for Functionally Integrative Neuroscience (CFIN), Aarhus University Hospital. Talk: Cerebral blood flow in patients with hepatic encephalopathy.

November 2006: Staff-meeting, Aarhus University Hospital. Talk: Cerebral blood flow in patients with hepatic encephalopathy.

August 2005: PET Centre, Aarhus University Hospital. Talk: Hepatic encephalopathy.
